Dear Parishioner/s

Our spiritual lives and church attendances have been obstructed by COVID and the government restrictions and lockdown. So much so that we had to resort to online Masses once a week. We could not receive Jesus nor visit him in the Blessed Sacrament. This time is over, we are now able to come to Mass and visit the Blessed Sacrament. But we have become used to staying at home.

I therefore urge all people of good will to come back to the Church. A family that prays together, and celebrates together stays together. Covid is real that is why we have taken special precautions and adhered to regulations to ensure your safety at church.

Hope to see you all alive and well!
